HAPPINESS IS BEING OWNED BY CATS

9th LIFE HAWAII

is the only NO-KILL, non-profit, cat rescue organization on Maui that maintains a sanctuary for those kitties that have no other place to safely stay.

Some of our rescues are disabled cats, kittens and cats from colonies that have been under attack by humans or dogs. Other kitties have been dumped in the cane fields that are routinely set on fire as part of the harvesting process. All will remain at one of our sanctuaries until a loving home is found.

We are also caretakers at cat colonies where we utilize trap, neuter, release (TNR) to humanely reduce the cat population. When possible the cats are returned to their colonies and our volunteer caretakers continue to monitor the colonies and provide regular supplies of food, water and medication.

WE ALWAYS NEED FOOD DONATIONS!

Our founder is Crystal Smith (shown here with Sweet Girl). Sweet Girl has one good eye and would love her own special home. Please see our web site for more info on her and other kitties available for adoption.

Crystal began rescuing cats in 1985 when she noticed the huge population of homeless cats on Maui. For over a decade she trapped, neutered, fed and medicated numerous colonies of abandoned cats out of her own pocket. She was the first on Maui to utilize the humane and proven method of Trap/Neuter/Release on an island wide scale to curb the over-population of cats.

Crystal has returned from Los Angeles where she was pursuing a career in music and is again the President of 9th Life Hawaii the only no-kill, cat sanctuary on Maui.

OUR WISH LIST

We are presently seeking land as we are on leased property and we want to permanently secure our sanctuary. And at present, we need lumber, roofing materials and hog wire to repair and expand the existing catteries.

OUR WISH LIST (cont'd)

A station wagon, small SUV or small truck to transport cats (sometimes in traps, other times in carriers) to the vet for spaying/neutering and treatment.

Computer for our own use. (We are presently sharing.)

Digital camera and printer to photograph cats available for adoption.

With your help we can continue our efforts to humanely reduce the over-population problem, educate the public as to the need for spaying and neutering their pets and to continue to be the 9th Life sanctuary for cats that have no where else to go. Please help. We are truly grateful for your support.

Donations can be mailed to the address below or made with a Visa or M/C through PayPal at our Website at 9thlifehawaii.org
