

ADOPTION SPECIALS

Mommeeee and her two kids were brought to us by a couple who had moved into their rental unit 6 months ago and were greeted by this beautiful, green eyed Tortie and her two tiny babies. We have already found a home for her son; now Mommeeee and her daughter, Isis, are available for adoption. Isis, is a Tortie pointed Siamese but not purebred obviously as her mother was a Tortie. Her eyes are blue, but did not photograph well. (Sorry!) They are both beautiful and loving and will make their new parents very happy. They do not have to be placed together.

Do you have room in your heart but not your home? If you cannot adopt a kitty can you sponsor one and save a life? You can sponsor a cat and make monthly donations at our website through Paypal or if you make an annual pledge, we can send you monthly reminders. Monthly commitments are so important to us as they allow us to budget and allocate our expenses. Please consider monthly donations if you cannot take a kitty into your home.

Tubby Molly is still available. She should be an indoor and only cat and is as sweet as can be. If you're interested in Molly, please call Dr. Moyer at 572-9665 or **9th Life Hawaii** at 572-3499. More adoptable kitties can be seen at our website: www.9thlifelifehawaii.org

9th LIFE HAWAII

NO-KILL CAT RESCUE & SANCTUARY

*Dedicated to the Protection
Of Homeless Cats in Hawaii*

*9th Life Hawaii is a non-profit 501C3 organization;
Donations are tax deductible to the extent allowed by law.*

VERY IMPORTANT NEWS!

9th Life Hawaii has just received the most incredible, most unexpected and most generous gift ever. An anonymous donor has come forward to donate \$250,000.00 towards the purchase of a permanent sanctuary. She is extending an invitation to the people of Maui and the Business/Commercial sector to come forward and make the permanent sanctuary a reality. We are presently on leasehold property, so having a permanent sanctuary is really a necessity. Can you imagine what we would have to do when we must move with several hundred cats? Our anonymous donor is hoping the Ohana of Maui will match or surpass her donation. However, every donation is a step towards our goal and is gratefully appreciated and a blessing. **9th Life Hawaii** is supported solely through your donations and our kitties depend upon and need your ongoing support. As this holiday time approaches, please help those who cannot speak for themselves. If Maui is "No Ka Oi", let's make it *No Ka Oi* for cats too!

It is estimated there may be more than 100,000 homeless cats on Maui. **9th Life Hawaii** seeks to compassionately and non-lethally control the cat population. We ask for your help to humanely control cat overpopulation by utilizing TNR (trap, neuter, release). Cats are trapped, and neutered and when possible, the cats are returned to their colonies. Volunteer care-takers continue to monitor the colonies and provide regular supplies of food, water and medication. However, some of our rescues are disabled cats, kittens and cats from colonies that have been under attack by humans or dogs. Other kitties have been dumped in the cane fields that are routinely set on fire as part of the harvesting process. Therefore, they can never be returned to the cane fields after they are neutered. All of these kitties will remain at our sanctuary until a loving home is found. **9th Life Hawaii** is the only NO-KILL, non-profit, cat rescue on Maui that maintains a sanctuary for those kitties that have no other place to safely stay.

Please help us! Donations can be mailed to our P.O. Box using the following form, or made with a credit card through Paypal at our Website at www.9thlifehawaii.org

AND HERE'S ANOTHER WAY TO HELP

9th Life Hawaii is now able to accept *donated vehicles, running or not, from anywhere in the U.S.* Please contact us for further information. Leave your name, phone number and address and we will call you with the criteria.

MORE GOOD NEWS!

9th Life Hawaii has just received a grant to hold monthly mass spay/neuter clinics. This is definitely going to help control Maui's expanding cat population. Dr. Roger Kehler has stepped forward to offer his services and facility for these clinics which will begin in January, 2006. We are extremely grateful for his help and personal dedication in helping Maui cats so that Maui can be at the forefront of the **NO-KILL, NO MORE HOMELESS PETS** philosophy being embraced all over this planet.

We simply cannot thank Dr. Kehler and his staff enough for their support and assistance. A client of Dr. Kehler, who wanted to express her gratitude, sent the letter below to us.

To Dr. Kehler,
Just a short note to tell you how happy I am to learn that Dr Kehler is actively helping 9th Life Hawaii in the spaying and neutering of island cats. He is such a wonderful, caring vet and I just can't say enough good things about him. His way with the animals during the office visits are like healing hands. He closes his eyes and gently feels around the animal to "sense" the problem and has a very soothing bedside manner with them. He takes time to talk to you and explain the how, why and what. He's right there if you have an emergency and will call you back if you need to talk to him. Dr. Kehler, thank you for being the wonderful person you are! Aloha, Karin

OUR WISH LIST

Please help us secure a permanent property. We are presently renting in a leasehold situation and the property eventually must be vacated. We also need a pickup truck, small SUV or station wagon to transport 4-8 cats at a time in carriers to the vets for neutering. We still need lumber, roofing materials, chain link and hog wire to repair and expand the existing catteries, and a cat-loving carpenter/roofer/chain link installer to donate time. (Not necessarily the same person).

WISH LIST (Continued)

We always need cat food, kitty litter, litter boxes, cat condos, cat & dog carriers and freestanding kennels. And a laser color printer would enable us to print our own newsletters. Gift cards for use at Costco, Home Depot, Lowes and Wal-Mart to purchase building and cat supplies are always very helpful.

A recent visitor to the island donated Home Depot Gift Cards. This enabled us to move forward with our adoption cattery, which is nearing completion. A Maui couple donated a huge freestanding kennel for the outside portion of the cattery and another Mauian paid to have it trucked up to the sanctuary. Stan Dillon (Dillon's Electric) put in the electricity and DeeAnn Colton (Cost U Less Realty), and Luie Ochoa, General Contractor (Island Best Construction), donated and put in the tile floors. Mahalo to all of you! As you can see, by working together, we can create miracles. However we still need your help to complete this project. See photos below:

We will be placing toys, cat condos, etc. in the outdoor area and covering the chain link with wire mesh (hog wire or chicken wire) across the top so the cats cannot escape.
