

FREE CAT SPAY/NEUTER

*SOME RESTRICTIONS APPLY

“Beat the Heat”

DON'T LET YOUR CAT COME INTO HEAT

9th Life Hawaii, Maui's largest, non-profit, NO KILL, all Cat Rescue & Sanctuary will be providing 8 FREE/LOW COST Cat Spay/Neuter Clinics beginning September 14. All cats are welcome. They can be pets, feral, strays, colony cats or cats that just showed up at your house for a handout. We can sterilize cats as young as 8 weeks of age, but we do NOT sterilize obviously pregnant cats. It's important to sterilize the male cats too as it reduces cat fights which are the main way diseases are spread from cat to cat. It should also reduce spraying, wandering and fighting.

For more information and to obtain our surgical consent form, you can email us at 9thlifehawaii@earthlink.net or call 573-3365. Volunteers will pick up the cats on the West-side, Ma'alaea, Kahului, Kihei and Pukalani and transport them to and from our clinics.

9th Life Hawaii has helped our community sterilize more than 3,600 cats since we began our program to humanely control the cat population on Maui. We suggest a modest \$35.00 donation, but always free if a hardship.
